CERTIFICATIONS

SSPC QP-1:
Field Application of
Coatings on Complex
Structures

SSPC QP-2:
Industrial
Hazardous Paint
Removal

SSPC QP-3:
Shop Application
of Protective
Coatings

As the largest and most capable coatings contractor in America, K2 Industrial was the first large contractor to become certified SSPC QP-1 (Standard Procedure for Evaluating the Qualifications of Painting Contractors for Field Applications to Complex Structures) and SSPC QP-2 (Standard Procedure for Evaluating the Qualifications of Painting Contractors to Remove Hazardous Paint).

Beyond that, K2 Industrial belongs to a very exclusive group in that less than 40% of the industrial contractors in the United States have been certified to SSPC QP-1 and far less than 1% of them have certified to the level of SSPC QP-2. K2 Industrial is 1 of 4 companies in the world that hold QP-1, QP-2 & QP-3 certifications. We also are the choice of certified contractors to represent them on many forefronts, including an advisory position for new legislation on lead abatement issues that will soon come before the United States Senate and Congress.

PERSONNEL QUALIFICATIONS

- SSPC C-3 Competent Person
- SSPC C-7 Certified Abrasive Blast Technicians
- SSPC C-12 Certified Airless Spray Applications
- SSPC C-14 Certified Marine Plural Component Applicators
- NACE Certified Coating Inspectors
- SSPC Certified Protective Coating Specialists
- ANSI/NQA-1 Certified Coating Inspectors
- NBR Nuclear Coating Specialists

SAFETY

K2 Industrial's Environmental, Health & Safety (EHS) Program meets the requirements of:

- OSHA 1910
- OSHA 1915
- OSHA 1926
- EM 385-1

K2 Industrial's EMR Rating for the last 3 years:

- 2009: 0.74
- 2008: 0.73
- 2007: 0.67

This is well below the required 1.0 maximum rating

QUALITY ASSURANCE

K2 Industrial's Quality Management System Manual meets the requirements of:

- ANSI / ISO / ASQ Q 9001-2000
- NAVSEA Standard Items 009-04 & 009-32
- San Diego Ship Building and Repair Community Single Quality System
- Unified Facilities Guide Specifications (UFGS)

PAST PERFORMANCE
